MACBETH

As a bloody war draws to its conclusion, the celebrated warrior Macbeth and his ambitious wife are propelled headfirst into a chilling pursuit for ultimate power, fuelled by supernatural forces beyond their control.

The war may be over, but the battle for the throne has only just begun...

Shakespeare's super-charged thriller is one of the best-loved plays of all time.

Last staged by GSC in 2013, we're delighted that this brand-new production is directed by Charlotte Conquest and designed by Neil Irish, who worked together on our last two celebrated winter seasons, *Romeo & Juliet* and *Measure for Measure*.
